SUMMER IS HERE!

Case of the Month: Dr. Wolf, Revision Rhinoplasty

Revision Rhinoplasty is a surgical procedure which is usually performed in order to improve the function and appearance of a nose or to improve prior results which a patient was not satisfied with. Revision Rhinoplasty often takes place when a nose isn’t fractured properly, when cartilage was misshaped or when too much of it was taken off. This can happen when the patient or doctor isn’t clear of the expectations of the procedure that was done.

When a new consult comes in to meet Dr. Wolf for Revision Rhinoplasty, he reviews the prior surgery, along with his assistant, he examines the patient, assesses what needs to be done, and takes pictures. Once the examination is over, his assistant uploads the pictures onto the computer and Dr. Wolf images the patient’s nose. Imaging is done in order to show what results can be expected by having the revision surgery. It is a way for both the patient and doctor to be on the same page in regard to the results. Dr. Wolf also shows pictures of patients before surgery, imaged pictures, and after pictures so the patient can feel comfortable knowing how similar cases turned out. It is important that the patient have realistic expectations of what can be done as every case is different and assessed individually.

In the case of the month the patient had previously undergone, two Rhinoplasty’s. When the patient came in to see Dr. Wolf her nose was crooked and had a protruding scar on her columella (the lower area between the two nostrils). Dr. Wolf had to perform a Revision Rhinoplasty to improve the scaring of the nose and the crookedness of the bones.

The before and after pictures below, taken only a month after surgery (swelling is still visible), demonstrates the crooked nose and visible scar. The after picture demonstrates a straighter, more refined nose with less visible scar. When swelling subsides the nose will look straighter and with time the scar will fade.

This patient was so happy with her result that she sent in a testimonial for this month’s newsletter.

"I am very pleased with the outcome of my rhinoplasty surgery with Dr. Carlos Wolf this year (April 2010). Seven years ago I had two rhinoplasty surgeries that made my nose terribly crooked. I waited, researched, and looked for the best rhinoplasty surgeon, and found Dr. Wolf. I am extremely pleased with the way my nose looks. Thanks to Dr. Wolf my nose is FINALLY straight and it makes such a big difference in my appearance. I Love it!"

SCLEROTHERAPY
Sclerotherapy is the safest and best treatment for eliminating spider veins in the legs. The process involves injecting a very small needle into the spider vein with hypertonic saline. This causes an inflammatory reaction and the gradual fading of treated vessels over a period of several weeks. Sclerotherapy usually requires about 2 to 6 sessions, depending on the area being treated. Receive 10% off during the month of June!

PRODUCT OF THE MONTH 10% off

Liquid Smile

Liquid Smile will give you the same results as any in-office one-hour treatment or custom tray program.

Liquid Smile will take up to two weeks to see results, but will eliminate sensitivity from too much exposure in a short period of time, or from wearing trays for extended periods of time.

This creates a pleasant whitening experience.

If you'd like to purchase this item, please call us at (305)595-2969.

Take care of your skin this summer...

Summer is the time of year when you can't help but enjoy all that Miami has to offer...beaches, pools, boating, fishing, and BBQ's. Of course all these wonderful activities are done outside and include exposing yourself to that beautiful but dangerous sun! Protect yourself while looking fabulous at the same time.

ColoreScience Sunforgettable SPF 30 is a lightweight mineral powder with a barely-there feel that provides a safe, non-irritating, instant UVA and UVB sun protection. This self-dispensing powder brush makes the sheer formula easy to apply and reaply throughout the day. It gives you flawless looking skin while protecting you at the same time. Avoid compacts, foundation that melts in the sun, and other unnecessary messes. This fun and simple applicator is easy to throw in a beach bag, your car, or purse. It is waterproof, but it’s recommended that you re-apply throughout the day! It was our top seller during the month of May! Our patients say that it’s great for using on their kids (and husbands) who always complain about sunscreen application!

When you wake up in the AM, moisturize with JOURNÉE Bio-Restorative Day Cream:

The most complete anti-aging day cream with PSP®, anti-oxidants, hyaluronic acid and UVA/UVB protection SPF 30+ to rejuvenate, protect and hydrate the skin.

- Helps smooth the appearance of fine lines and wrinkles.
- Provides long lasting hydration for radiant, luminous skin.
- Potent anti-oxidant blend of polyphenol rich green tea extract, stabilized vitamins C and E plus melanin act synergistically to help protect against daily environmental assault.
- Fast absorbing, skin-toned, non-greasy formulation blends flawlessly into skin.

JOURNÉE is ideal for all skin types and a favorite amongst our staff.

What Makes Miami Plastic Surgery Different from Other Plastic Surgery Practices?

1. All of our surgeons are Board Certified and some are even double Board Certified.

2. Our surgeons are nationally and internationally reacorized by their peers for excellence in plastic surgery.

3. Surgeons from around the world regularly come to spend time with our practice to learn techniques.

4. We only use Board Certified anesthesiologists.

5. The practice undergoes inspection every three years by a certified inspector to maintain accreditation.

6. Our surgeons maintain advanced cardiac life support certification.

7. Our staff maintains basic life support certification.

8. We have two full time nurses in our operating room.

9. Our equipment is inspected and maintained regularly.

10. We hold an off site planning meeting each year to evaluate and improve the practice.

11. Our staff is encouraged and paid to attend national meetings for continuing education.

12. Our office is located and associated with Baptist Hospital, Miami’s recognized leader for quality in medical care.

Miami Plastic Surgery is the best choice for your cosmetic surgery needs!
The HydraFacial™ is the newest breakthrough advancement in non-laser resurfacing. HydraFacial™ is the only hydadermabrasion procedure that combines cleansing, exfoliation, extraction, hydration and antioxidant protection simultaneously, resulting in clearer, hydrated, rejuvenated, more beautiful skin with no discomfort or downtime. The treatment is soothing, moisturizing, non-invasive, non-irritating and immediately effective. The HydraFacial™ has been a favorite pre-red carpet treatment for the stars! It has also been featured on The Doctors, Allure Magazine, The ESPY Awards, Essence Magazine, Malibu Magazine, Star Magazine, Fox, NBC, ABC and CBS. The HydraFacial™ has been internationally known for some time now and is found in over 50 countries. Its international popularity is quickly growing and our name is synonymous with skin health. It has even become a favorite among royals such as Prince Albert of Monaco!

$100 during the month of June

Employee Spotlight: Jessica Odio

Jessica Odio is our June Employee of the Month. Jessica is our Director of Marketing and Public Relations. She comes to us with a great background in marketing. She started off working for Bacardi at age 19, moved on to be the District Director for the Miami-Dade and Monroe County Muscular Dystrophy Association offices, and before coming to us worked for Finnegan’s handling their events.

We call Jessica our little fireball at work. She is always one step ahead of us when it comes to getting things done. Her favorite thing about MPS? "I love working with such a wonderful group of people and respected doctors! What MPS does in general is amazing!"

When she is not at the office, she spends her time spinning, hanging out with friends, and taking care of her "zoo" (her beautiful African Gray, Cola, and her adorable dogs Lo, Fiona, Tarzan, and Maxy (who just passed away but will be missed). Jessica can always be counted on for a good laugh and is always ready to be a team player.

We love you Jessica and look forward to an amazing summer of fun events with you at MPS!

RIP Max and Tarzan
Patient's Corner with Lisett

Patient's Corner with Lisett

Hi Jessica,

From the second I entered the offices of Miami Plastic Surgery the costumer service I received was fantastic! Dr. Herman offers such a wonderful experience that it made me want to have the surgery right then and there. I am ecstatic with the fact that I chose to do Liposuction on my arms with Dr. Herman. I always felt like I had to cover my arms. They didn’t fit my body, I am small framed and my arms were larger.

My results are amazing and if I had to rate the experience, the Doctor, and most importantly results I’d give it a 10 out of 10. Thank you Dr. Herman and staff for helping me finally feel comfortable with my body!

Thanks-

Lisett
